

MIC 35

Intuitive implement carrier MIC 35 with clever quick-change system, comfort cab with panoramic view, as well as an engine that significantly undercuts the STAGE V emissions limits.

1 Economical and environmentally friendly drive

- Common rail direct injection and particle filter lower the emission values below the exhaust emissions standard STAGE V.
- For applications in urban green zones.

2 Integrated quick-change system

- Mounting of front implements via standardised coupling triangle.
- Replacement of implements at the rear using quick-change system with hydraulic tilting frame.

3 Maximum operating comfort

- Largest cab in its class (1.45 m³ air volume), 360° panoramic view, ergonomic and clearly arranged.
- Windows on both sides, lockable storage compartment, USB charging port, bottle holder.

4 Extremely easy to maintain

- The high-quality components make possible very long maintenance intervals of 500 or 1000 hours.
- Tool-free access to all maintenance-relevant components, e.g. via the swing-out motor cover.

MIC 35

- Powerful, hydraulic all-wheel drive
- Quick-change concept for front- and rear-mounted implements
- Year-round use

Technical data

Order no.	1.442-251.2	
EAN code	4054278292854	
Wheelbase	in	1500
Permissible axle load, front	kg	1750
Permissible axle load, rear	kg	1750
Total permissible weight	kg	2500
Load	kg	max. 1100
Drive	Diesel	
Traction drive	3-cylinder engine	
Motor manufacturer	Yanmar	
Drive- performance	kW / hp	26 / 35
Diesel particulate filter	■	
Cubic capacity	cm ³	1642
Cylinder	3	
Emissions standard	STAGE V	
Fuel tank	l	41
max. Speed	km/h	25
Climbing ability	%	25
Noise level (in cab)	dB(A)	73
Dimensions (L x W x H)	mm	3750 × 1075 × 1980

■ Included in the scope of supply.

Equipment

Particulate filter	■	
Heating and air-conditioning unit	■	
Heating	■	
Waste container	l	1000
Flashing lights	■	
Year-round use	■	

■ Included in the scope of supply.
